## Show transaction Log

Anna-Karin Ettik Åsén - 2023-12-06 - Comments (0) - Application management

To view the event log, click **Tools** in the main menu and select **Show transactions**.

The transaction log always shows the following events:

- Add a file to the file list.
- Remove a file from the file list.
- Sign a file in the file list.
- Send a file.
- Download a file.
